"Your Local IT Department"™

Grand opening at Click IT of Pleasant Grove, Utah

Bringing IT to Main Street Click IT Franchise Your Local IT Department™

A proven franchise opportunity in a booming \$400B+ IT services industry. Click IT® Stores deliver IT solutions to small businesses and residents from neighborhood retail locations.

"Turning Managed Services on Its Head"

Traditional MSPs focus only on larger companies with long-term, expensive contracts. Small businesses and local residents have been left behind until now.

Click IT has transformed the model:

1. **Productized Services Menu:** Over 100 IT solutions in 14 divisions are packaged and priced so customers can see exactly what they're buying no surprises.
Affordable Access: Instead of costly long-term contracts, customers choose services month-to-month, just like ordering from a menu.
Main Street Delivery: For the first time, enterprise-level IT support is available in a local retail setting, concierge-style.
